SELECTMEN'S REPORT

The past year, 1987, was without question an eventful one in the lives of Bartlett citizens. On March 31/April 1 we experienced a flood of historic proportions. Old timers were unanimous that it was either the worst or second worst flood in memory. The Ellis River in Goodrich Falls attained heights not witnessed in 50 years. Damage to Bartlett roads in Rolling Ridge and Linderhof was extensive and of course the major damage occurred at the River Street bridge over the Saco River. Total cost of the flood damage will be a little over \$320,000. The federal government, the State of New Hampshire, and the Town of Bartlett will share in the costs with Bartlett's ultimate share approximating \$25,000.

Of major significance to the citizens of Bartlett concerns development. An historic increase in assessed valuation occurred between 1986 and 1987 amounting to \$45 million. This increase in valuation coupled with a moderate increase in authorized expenditures resulted in a major decrease of \$1.00 per thousand in the tax rate (\$13.15 to \$12.15). Of additional significance in the area of growth (or no growth) and not really understood by the experts was the sudden cessation of condominium development in 1987. It will be some time before we can assess its significance but measured by planning board activity (in the area of development) the absence of development proposals in 1987 may have long range implication for Bartlett.

You will recall that in March 1987 you authorized the Planning Board to hire an assistant. On April 7, 1987 Beverly Weld came on board and made an immediate and favorable impact on the effectiveness of Planning Board and Selectmen activities. As part of her duties, she is presently working on updating Bartlett's Master Plan. In the area of housing, she has developed some timely statistics which are presented in the following table:

1987	12	50	175	329	178,328
TOTAL	2587	1370	1927	1507**	

* - means no records available

** - the total of 1507 contains 152 units which cannot be attributed to any particular year

It is painfully obvious that the period of greatest activity in the approval of development proposals occurred during the period 1984-87 (see column 4). It is just as obvious that something happened in 1987 to cause a severe decrease (471 to 175) in the number of condo units approved by the Planning Board. The jury is still out on the reasons for this sharp decrease and there is no way of knowing if it is a temporary or permanent change in the rate of growth in Bartlett.

One rather startling bit of information which we probably should have suspected is the fact that we now have more condominium units than single family homes in Bartlett (see columns 2 and 5). Some other notes of interest: the large number of lots approved in 1974 (column 2) resulted largely from Linderhof (66), Glenwood (40), and Rolling Ridge (28); the large number of condo units approved in 1978 (column 4) was mostly River Run (115); the 134 condo units approved in 1971 were all at Linderhof Golf Course; of the total of 135 condo units approved in 1976-77 more than half were at Cathedral Trails at Attitash and the Summit at Linderhof.

A subtle development concerning the use of condominiums as rental units raises several possibilities which have potentially serious long range impact. We have already witnessed an increase in the school population and some of these children are members of families renting condominiums. It is too early to assess the permanency or magnitude of this development but it deserves to be monitored very closely.

Of most concern to the Board of Selectmen is the problem of solid waste disposal. The Town's 10 year contract with Garland Ridge Corporation expires, as you know, in December 1989, two short years away. We think the current disposal site will accommodate the Town's needs for the final two years but it is certain that after December 1989 the Town will be looking for new disposal

arrangements. It now appears that a permanent solution by December 1989 is just not in the cards so it is very probable that we will be sending our solid waste to a nearby landfill until we can put a permanent facility in place.

The Town of Bartlett is extremely fortunate in the community spirit and cooperation of its citizens. The many and diversified activities conducted in Bartlett each year are the result of many long dedicated and voluntary hours on the part of the people who love their community. The Board of Selectmen wish to say thank you and urge any of you who would similarly like to serve your community to indicate your willingness and desires to the Board.

BARTLETT PUBLIC LIBRARY REPORT 1987

Bartlett Public Library circulated 7,257 books in 1987, and added 493 new titles to its collection. These books added through town and school funding and through gifts. The library received many book donations this year and is still in the process of cataloging these books.

Library programming in 1987 included the following:

- weekly pre-school story hours during the school year
- Monday Night at the Movies during the summer months
- book fair in June with proceeds earmarked for special library programming.

Your librarian attended the following workshops and meetings:

- four Area Forum meetings
- N.H. Library Conference
- N.H. School Media Conference
- "Connecting", a two day workshop on young adult literature

Your librarian has been elected onto the N.H. Advisory Council on Libraries and will be attending monthly meetings in Concord for the next three years. She is looking forward to serving on this council.

The library is continuing to copy the old town records with the assistance of volunteers. At this time we need more volunteers to complete this project. Also, the library is sponsoring bi-weekly meetings to focus on our town's history. Currently we are copying any old family records we can locate and filing them into the vertical file. Hopefully a town history will evolve. If not, segments of our town's history will be available through our library. We need information on all aspects of our town's history. Much can be learned about our town through old family records. Please call the library if you have records you are willing to share. As we look forward to 1988 our library is planning:

- to meet state standards for small libraries
- to become automated — making it possible to do bibliographic searches through the computer
- to continue its efforts in recording our town's history.

Once again we'd like to state the library is open during the hours listed below. It is okay, however, to use the library during the hours the school is open. Sometimes the librarian may be conducting

classes so the patron may have to check out his own books but most times the librarian will be available. Our library aims to carry as many of the new popular titles as possible, do make a visit to the library to examine its collection.

BARTLETT-JACKSON AMBULANCE SERVICE

Bartlett-Jackson Ambulance Service has continued to grow both professionally and in membership during 1987. We presently have 16 members and anticipate several new trainees from the current EMT course.

This year we combined donations and town funds to purchase an automatic defibrillator. We feel that this is an important addition to the ambulance, and we're proud that most of the full time members have advanced to the EMTD level. The ability to monitor a cardiac patient is invaluable to the squad and the hospital. It is also very important to have townspeople trained in CPR - the sooner it is started, the better the survival rate. We urge all interested people to take the free CPR classes taught by valley squad members at the hospital each month. It only takes a few hours and it's well worth the effort.

Our members spent many hours during the year in continuing education as well as responding to emergencies. We currently have members enrolled in an IV course. When certified they will be able to start IV's in the field. This will be an important skill, especially in trauma cases. Most members have also taken the physical assessment course that is a prerequisite to the IV class.

We appreciate the strong community support that we receive, especially the assistance from the local fire and police departments. Everyone's help makes our job easier.

We also want to acknowledge the time and efforts that Randy Warner put into getting the service established and keeping it running. We wish him the best in his new endeavors.

Respectfully submitted,

**BARTLETT—JACKSON

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with YOUR help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest tax law may be violated, call your Forest Fire Warden, or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

BARTLETT ATHLETIC & RECREATION ASSOCIATION FINANCIAL REPORT — 1987

The Bartlett Athletic and Recreation Association (BARA) continues to provide a wide variety of recreational programs for Bartlett's children and adults. Among the activities sponsored by BARA are Women's Exercise Program, Adult Men's Volleyball, Skating, Cub Scouts, Little League Baseball, and Red Cross Swim Lessons.

A large portion of our allotted funds go toward the maintenance of the ballfield. If there are any public-spirited citizens who would like to help with the mowing and maintenance of the field, the funds could go to support other worthwhile products. Please let us know if you would like to help.

BARA would like to thank Bob Holmes and Jim Clemons, Jr. for the continued assistance in maintaining the skating rink. It has been a very tough year to maintain good ice conditions but a number of people have enjoyed the rink.

Over forty children participated in the Red Cross Swimming program held at the Sky Valley pool which is generously donated by the Eliasons.

Donna Fresco is keeping the financial records and handling the year round management of the account and her talents are deeply appreciated.

A big thank you to all the volunteers and coaches who continue to provide exciting, worthwhile, and enjoyable programs for a wide range of Bartlett citizens. We can always use volunteers, so if you have a special skill or would like to help out in any way, please give us a call.

BARTLETT COMMUNITY/SCHOOL PARTNERSHIP SUMMARY 1987

During the year of 1987, the Bartlett Community/School Partnership produced five newsletters (Bartlett Express) in the following months: March, May, July, October, and December.

The Partnership sponsored American Red Cross Swimming Lessons, instructed by Louisa Abarno of Jackson. A community picnic and golf tournament were also sponsored by the Partnership. The proceeds from the latter were appropriated for a \$500.00 scholarship to be awarded to a graduating Bartlett high school senior. Criteria for the recipient of the scholarship has not as yet been determined.

Other activities which the Partnership sponsored were:

Christmas Tree Lighting

Turkey Trot

Harvest Supper

After School Activities (Theatre Make-up, Dance, Art, Gingerbread House Assembly, Equestrian Demo*)

Nineteen eighty eight holds the prospect of offering many other Partnership sponsored activities, the most important factor being community voluntarism.

*Activity held during school hours.

SUPERINTENDENT'S REPORT

by Dr. William A. Jutras

Like a pendulum, the nine districts comprising School Administrative Unit No. 9 swing in their interpretation of that amorphous value often referred to as "local control." Last March, in decisive votes by eight districts on the issue of an AREA agreement, local control was seen to encompass a much larger region than individual towns. Pulling together, the interested parties approved a plan for educational and financial cooperation by an overwhelming average of 93% YES. In apparent contrast the Conway School District, on action approved by a majority of its school board, will be asked if it would want to form its own SAU. If supported, the board will seek approval by the State Board of Education for separation from SAU #9.

These events, of course, are symptomatic of a system which by most reasonable standards is very large geographically (about one-ninth of the State), has the greatest number of school boards, is experiencing considerable growth now at the elementary school level, and is under constant pressure for better programs in such areas as special education. In recognition of this, and in response to a study recently completed by the N.H. School Boards Association, the SAU board has approved an additional Assistant Superintendent, secretary, and office space. Expansion in administrative services has already been approved in Madison in the way of a full-time Principal, and in Freedom with a half-time Principal. Conway is considering a full-time Principal for its Pine Tree School.

In the meantime, we see more portable classrooms, and know that new schools and additions and renovations must be approved now or in the near future. Five building committees have been very active; these represent Conway, Tamworth, Bartlett, Freedom, and Madison. We owe them much for their foresight, dedication, and effort.

Aside from system organization and construction issues, we have been very busy in the area of curriculum and educational programs. Special education has received much of our attention this past year. We have had the most difficult responsibility of managing this program in the absence of a Director of Special Services since last June. New classes have been added, there has been a substantial increase in teacher and support staff, Conway has established its own Director of Special Education position for the 13-21 age population, and necessary out-of-district placements have severely taxed our budgets.

Other curriculum areas addressed include Language Arts and Science; curricula have been distributed to all nine schools, and are being piloted this year. Substance abuse prevention has become a focal point of success in Conway. New computers are being added to schools, with a major purchase in progress for the Conway schools.

Our past efforts in curriculum and pupil evaluation are reaping rewards. Students are continuing to perform better on the California Achievement Test. This is the same test that is administered by the State Department of Education in grades 4, 8, and 10. For the first time, students in one of our schools (K.A. Brett School in Tamworth) scored above the anticipated level in every grade on the total battery which is a composite of Reading, Language, and Mathematics. High school scores show strength in Mathematics, Science, and Social Studies. Other areas tested are gaining. We, therefore, acknowledge the professional response by principals, teachers, and support staff in developing effective action plans to maintain our strengths and overcome our weaknesses in student performance.

The vitality and vision by our professionals is witnessed in another way. It is expected that very soon, all nine schools in this administrative unit will be accredited by the New England Association of Schools and Colleges. Kennett High School has already attained this stature in past years; however, the elementary schools in New England have not had this opportunity until recently. Because of our quick response, we will be charter members, setting the pace for colleagues in other school systems.

PRINCIPAL'S REPORT

By L. Joseph Rivers

In September of 1986 we welcomed 203 students. For the interest of our community, our enrollment over the past several years has been consistent; however, there is somewhat of an increase as we enter into the beginning of the 1987-88 school year.

1979-80 = 223	1982-83 = 200	1985-86 = 195
1980-81 = 222	1983-84 = 192	1986-87 = 203
1981-82 = 216	1984-85 = 196	December 1987 = 217

Highlighting the school year priorities, we began our accreditation process for the New England Association of Schools and Colleges with our entire staff working on the self-study. Joyce Perkins, 2nd grade teacher, became Chairperson of the Steering Committee.

The Community/School Partnership continued to serve our community and school with special activities and events. The efforts of the C/S Partnership earned Bartlett the Blue Ribbon Achievement Award for its "outstanding volunteer program." The Christmas Tree lighting was a second annual event, and well received and supported by the community as was the July 4th parade and cookout. Our newsletter continued to serve our school and community, and also received national acclaim through Cornell University's Rural School Outstanding Project acknowledgement. Our C/S Partnership success is a direct result of commitment and dedication of many volunteer contributions.

A golf tournament was held during the summer by the C/S Partnership and raised \$1,500.00 for our scholarship fund. We are deeply appreciative to Kathy Neally, our coordinator, for her dedicated work. Kathy will complete her two-year coordinator position this year to devote full time to her business. We thank Kathy for her outstanding contributions.

Our California Achievement test results for all grades and the state wide testing program for grades 4 and 8 continued. Our 8th grade ranked 6th in the state in Total Battery. Using the national average of the 50th percentile, our total school scores were: Reading 63.0; Language 57.0; Math 60.0; Science 66.0; and Social Studies 67.0.

Jennie Jefferson, 8th grade student, scored the highest in the French 1-A exam at Kennett and placed 2nd overall in the state competition.

With the help of Selectman Jim Chadbourne, and Lvnne Dodelin, secretary, the 8th graders were treated to a mock town meeting - a most noteworthy experience.

Our year ended very successfully. However, we regretted the retirement of two outstanding teachers, Lois Howe and Flora Jones. A reception on their behalf was presented by the Bartlett School Board, and the large attendance was a tribute to two great people.

We graduated twenty-one 8th graders who were presented diplomas by Joseph Rivers and Leslie Mallett, Chairperson of the Bartlett School Board.

Mrs. Becky Jefferson brought greetings from the community, and student speakers were Chelsea Farley, Class President, and representative Stephen Whittier. The Reverend Robert Abarno and Reverend David Eldridge gave the Invocation and Benediction, respectively. Those receiving awards were:

Highest Academic Achievement - Jennie Jefferson
Glenn David Hayes Memorial Scholarship - Carl Chandler
2nd Annual Community/School Partnership - Flora Jones & Lois Howe
George Mulvey Memorial Award - Chelsea Farley
Faculty Award - Edward Pollard
Timothy Mulkern Memorial - BARA Boy/Girl Athlete - Karen Wilson
and Chuckie Sullivan
The Art Achievement Award - Jennie Jefferson
The Music Department Award - Robin Drew
The Science Department Award - Edward Pollard
The Social Studies Department Award - Stephen Whittier

CARRI PLODZIK SANDERSON Professional Association193 North Main Street Concord, N.H. 03301 (603)225-6996**AUDITOR'S REPORT ON
FINANCIAL PRESENTATION**

To the Members of the School Board
Bartlett School District
Bartlett, New Hampshire

We have examined the general purpose financial statements of the Bartlett School District as of and for the year ended June 30, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Bartlett School District at June 30, 1987, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Bartlett School District. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the
School Administrative Unit Board
School Administrative Unit No. 9
Conway, New Hampshire

We have examined the general purpose financial statements of the School Administrative Unit No. 9 as of and for the year ended June 30, 1987, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the School Administrative Unit No. 9 at June 30, 1987, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The individual fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the School Administrative Unit No. 9. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.
